LIBER 19 PAGE 403

- A They both have frame dwellings on, and bank barns.
- Q Each one has a bank barn?
- A Each one has a barn and other outside buildings.
- Q Does the land described in Exhibits No. 3 and 4 constitute all of the real estate of which James A. Arnold died seized and possessed?
 - Yes, sir, two farms and a wood lot.
- You might state in and about what you think the value of this real estate is?
- About \$3250. The one farm we appraised at \$1500 and the other farm at \$1,000, and the wood lot at \$750 the three different tracts.
 - Q Would they be sold to the best advantage if sold separately, or two farms sold together?
 - A I believe it would be an advantage to offer them both ways and take the better price.
 - Q Each farm is a separate farm to itself?
 - A Yes, sir.
 - Q And has a dwelling house, bank barn and necessary outbuild-ings on each farm, is that correct?
 - A That's correct.
